Improving the Student Journey: Enrolment to Career

About the Summit

Now more than ever, **Student Success, Retention, and Graduation** are critical—not only to prove the value of post-secondary education to increasingly skeptical stakeholders but also to fulfill the mission of equitable access and meaningful outcomes.

The Student Success Summit is a 2-day virtual conference dedicated **to sharing research, strategies, or best practices** from across the country to **improve the post-secondary student journey**.

The goal of the conference is to engage, connect and inspire Canadian post-secondary professionals, including **educators, administrators, and student success experts** who are committed to **driving persistence, belonging, and long-term success** at their institutions.
